FINANCIAL RESPONSIBILITY

FINANCIAL RESPONSIBILITY AGREEMENT

Our credit policies have been established to ensure that the best services can be provided to you and your family and any misunderstandings can be avoided.

Our professional services are rendered to the patient and not to the insurance company. The insurance company is responsible to the patient and the patient is responsible to the doctor. You are responsible for the payment of any and all bills not covered by or paid for by your insurance company.

For your convenience, our office has made arrangements with **Care Credit** to offer low monthly payments with fixed or no interest fee plans. Ask our front office staff for assistance applying.

We believe our fees give an excellent value for the high quality and variety of services we provide. That said, please remember that what insurance companies call "Usual and Customary Fees" can vary widely with the dental plans offered by your employer and by which plan the employee selects.

PAYMENT IS DUE AND PAYABLE AS SERVICES ARE RENDERED

TREATMENT PLANS: All treatment plans given by Newman Family Dentistry are an ESTIMATE only. If you want a guaranteed price, we can submit a pre-determination to your insurance company.

INTEREST: We reserve the right to charge interest in the amount of 1.5% per month as provided by state law, or a billing fee of \$12.50 on accounts 30 days or older.

CANCELLATION AND FAILED POLICY NOTICE: Due to an increase in demand for appointments, and to help better serve all our patients, we have implemented a "Cancellation and Failed Appointment Policy." Effective immediately, all cancellations require a 24 HOUR NOTICE. If we are not given proper notice, there will be a \$35.00 charge added to your account. A failed appointment (a missed appointment without any notice) will result in a \$50.00 charge added to your account.

In consideration of treatment required, I accept full financial responsibility. Insurance forms will be completed as a courtesy to the patient; however, your estimated payment not covered by insurance is expected on the date of services/treatment rendered unless prior arrangements are made. I further agree that if this account is turned over to an attorney or collection agency, I will be responsible for all collection fees, attorney fees, and interest and court costs. I also agree to assign any and all insurance benefits to be paid directly to Don M. Newman, D.D.S., P.C. (Newman Family Dentistry).

I HAVE READ THIS FINANCIAL AGREEMENT. I UNDERSTAND AND AGREE TO THIS FINANCIAL AGREEMENT

CONSENT FOR FRENECTOMY

DIAGNOSIS:

After a careful oral examination and study of my (or my child's) mouth, I have been advised that the examination demonstrates abnormal tension/shortened bands under the tongue, central upper lip or other areas in the mouth and that these bands may be related to symptoms being experienced.

RECOMMENDED TREATMENT:

In order to treat this condition, the doctor has recommended a procedure to release the tight bands (Frenectomy). I understand that a topical numbing gel will be utilized and an injected local anesthetic may be administered to me as part of the treatment. Vitamin K is a recommended treatment prior to undergoing any infant surgical procedure - the lack of vitamin K is associated with increased rates of neonatal hemorrhage.

PRINCIPAL RISKS AND COMPLICATIONS:

I understand a small number of patients experience problems after the procedure.

Risks include:

- Pain
- Bleeding (especially if vitamin K has not been administered)
- Infection
- Numbness
- Damage to saliva glands (resulting in blockage or ranula) and/or saliva ducts
- Damage to underlying muscles
- Aversion to any feeding
- Reattachment of the bands causing return of symptoms
- Failure to improve
- Need for repeat surgery or other surgeries (to treat complications)

NECESSARY FOLLOW-UP CARE AND SELF-CARE:

I understand that failure to follow recommendations could lead to ill effects, which is my sole responsibility. I know it is important to abide by the specific instructions given by the doctor. Continued involvement with your lactation consultant, speech pathologist, myofunctional therapist or other health care professional is mandatory and critical in improving symptoms.

I have asked all of my questions and have had time to discuss options with my surgeon.

By signing, I elect to proceed with the procedure for myself (or my child).
